

Almondz Global Securities Ltd

Inactive Account Policy

An inactive is defined as a client who has not traded for a period of 12 months. All inactive clients to be marked as dormant in the back-office and suspended from trading in the trading system.

A dormant client will be re-activated only once he has provided us a duly filled and signed copy of our "Dormant Activation Form". However, if CKYC is already done then client needs to send a request mail at helpdesk@almondz.com from his registered email id mentioning the address and Phone no. , if the same data is updated in our records as well as in CKYC and CVL KRA records, the Account will be activated else the client needs to fill the form.
